**Grant title:**

**Confirmation of Research Collaboration**

This is to confirm the collaboration of the NeuRA Imaging Facility for your NHMRC Grant. Facilities and research support will be provided to the project team at the access rates listed on our website and the cost of specialist research services as detailed below.

The specialist research services offered by the NeuRA Imaging Facility comprises:

- 3T research MRI, fMRI equipment, duty of care radiology reports, full radiography service, reception for patients and bookings, data backup and data storage as well as access to analysis software.
- Access costs for NeuRA Imaging Facility applicable to this proposal are an hourly scan rate of \$770 (incl GST), or pro rata in increments not less than 15 minutes. This price will be fixed for three years following the commencement of scanning.

All projects require approval of the NeuRA Imaging Facility Scientific Management Board prior to commencement and appropriate Human Research Ethics Committee approval.

Yours sincerely

Professor Peter Schofield  
Executive Director & CEO
