How is it different to the original Research Integrity (RI)?

	Original RI	RI v2.0 (April 2020)
Learning Package	• Discipline-specific Discipline Packages • UK context focused content • Compatibility issues with outdated technology	• 8 modules, non discipline-specific • Australian and UNSW context • Adheres to Australian Code for Responsible Conduct of Research (2018)
Assessment	• Single assessment, 16 multiple-choice questions • 85% grade required for pass, within 2 attempts	• Each module has 4 multiple-choice question quiz • 75% grade required for pass for each quiz, within 3 attempts for each quiz
Enrolment	• Employee self-enrolment via Moodle • Targeting and communication managed by Faculty • Inconsistent approaches	• Automated for new academic employees within 1 month of their commencement • Other employees can self-enrol via myUNSW • Open, any time enrolment - no open or close dates • Course access information automatically sent to employee on enrolment
Non-Completion	• Follow up managed by Faculty • Inconsistent approaches and results	• Automated reminder after 30 days if incomplete • Faculty follow up required after 60 days incomplete
Completion	• Required within specified timeframes as determined by Div Res • Tracked and managed by Faculty • Inconsistent approaches (including submission of screenshot evidence)	• Required within 3 months of enrolment into the course • Tracked automatically in Moodle & PiMS • Automated confirmation of completion notification to employee via email • Transparent and accessible evidence of completion
Records	• Completion record kept in Moodle only • Record keeping managed by Faculty • Inconsistent and non-secure approaches	• Completion record available in PiMS / myUNSW
Reporting	• Limited data available for meaningful reporting and analysis	• Clear reporting process, monthly status reports provided to faculties • Detailed data available for reporting and analysis

UNSW SYDNEY
