DP16: Adding a Discovery International Award (DIA) to the Budget Table

**Who can request:**
- Up to two participants (CIs and PIs) on a DP16 application can request a DIA

**Rules and Limits:**
- There is no limit on the amount of funding that can be requested for a DIA.
- In the past, the ARC limited these awards to $20,000 per year, per CI or PI, so this provides a rough benchmark for costing your DIA.
- There is no time limit on the length of the DIA, however note that CIs must spend at least 50% of their time in Australia for the duration of the project

**Step 1:**
- See F10 - “Are you applying for a Discovery International Award?”
- CIs and/or PIs who are requesting a DIA should answer **YES**.

**Step 2:**
- Once you have selected YES at F10, a line for Discovery International Award will be automatically added to **every year of the budget table** in Part D – Project Cost.
- The line will contain the name of the CI and/or PI who ticked yes at F10.

**Note:** DIA requests for CIs or PIs will also appear in the “Renumerated Participants” table in Part D – Project Cost, with “Level 1 starting in year 1”. **You cannot alter DIA entries in the renumerated participants table, they should be left as-is.** If you want to remove a DIA request for a CI or PI, go back to question F10 and select NO.
Step 3:
  – Input the amount requested for the DIA in each year. Where you do not want to DIA funds in a particular year, leave the amount at 0.
