NHMRC Project Grant [Insert Grant Number here]

“Insert Grant title here”

### Confirmation of Research Collaboration

This is to confirm the collaboration of the Mark Wainwright Analytical Centre Facilities for your NHMRC Grant. Facilities and research support will be provided to the project team at the access rates listed on our website and/or the cost of specialist research services as quoted by the relevant Facility.

The Facilities offered by the MW Analytical Centre are

- Biological Resources Imaging Laboratory (including pre-clinical imaging and flow cytometry)
- Biomedical Imaging Facility (including fluorescence imaging and biospecimen preparation)
- Bioanalytical Mass Spectrometry Facility (including mass spectrometry, chromatography and proteomics)
- Electron Microscope Unit
- NMR Facility (including vibrational spectroscopy)
- Solid State and Elemental Analysis Unit
- Spectroscopy Laboratory (including UV-Vis, CD, FTIR and Raman spectroscopy)
- UNSW Biorepository
- Stats Central, statistics consulting unit

Yours sincerely

Prof. Peter Cumpson  
Executive Director  
Mark Wainwright Analytical Centre  
Division of Research  
UNSW Sydney
