You are invited to the

Women in Research Network Panel:

“Evaluating the research or the researcher: What is the role of gender in grant applications?”

Date: Thursday 8 August 2019
Time: 12pm-13.30pm (Panel discussion followed by Q&A and networking lunch)
Venue: Morven Brown G6, UNSW Sydney
Registration Closing Date: 7 August, 2019 at 12pm

About the event:
Have you ever wondered about the success rates of women in grant applications? Or about the representation of women as Chief Investigators? In this panel discussion and Q&A, we will explore gender differences in Category 1 (ARC and NHMRC) grant applications and funding success and consider strategic approaches for improving women’s success in funding applications. Our panellists will answer questions about the role of bias, about the correlations between funding and gender gaps in organisations, as well as their own experiences and ideas for tackling the issue.

The event is suitable for anyone applying or considering applying for an ARC or NHMRC grant. For further information visit the UNSW Research What’s On page.

About our panellists:

- Scientia Professor Carla Treloar is Director of the Centre for Social Research in Health and the Social Policy Research Centre at UNSW.
- Associate Professor Virginia Wiseman is a health economist with the London School of Hygiene and Tropical Medicine and UNSW’s Kirby Institute.
- Dr Alison Butt is Director of the Research Strategy Office at UNSW.
- James Walsh is the Senior Strategic Development Manager (Industry) for the Research Strategy Office.
