## Introduction

---

The Research Management System (RMS) is a web-based application developed by the Australian Research Council (ARC) and now used by multiple agencies to manage their Grant Programs. Each agency can utilise functions such as: submissions, request not to assess, assignment and assessment, rejoinders, announcement, grant offers/acceptance, and post-award activities such as grant variations and project reporting.

More detailed information on the agencies utilising RMS is available on the [Research Grant Services](#) page of the ARC Website.

### RMS Access

The web address to access RMS is dependent on the agency or program that you are needing to interact with.

- ARC (NCGP) RMS instance - <https://rms.arc.gov.au>
- DESE (NCRIS) RMS instance - <https://dese.researchgrants.gov.au>
- ONI (NISDRG) RMS instance - <https://rmsoni.researchgrants.gov.au>
- Defence (NISDRG) RMS Instance - <https://defence.researchgrants.gov.au>

**Note** - You only need one account to access RMS, regardless of agency or program you are accessing, however you will require specific roles for each version/instance of RMS.

All screenshots provided within this document have been sourced from the NCGP instance of RMS and images may differ slightly dependent on the instance you are using.

## Key Points

---

- The target audience for this user guide is scheme round participants and Research Office staff who will be submitting a Rejoinder within RMS.
- RMS is compatible with the latest versions of Google Chrome and Microsoft Edge. The ARC cannot guarantee compatibility with other browsers or older versions of Google Chrome or Microsoft Edge.
- Assessor comments and Rejoinders can be viewed by any individual listed on the corresponding scheme round application within RMS. Drafting rejoinder text and submission are reserved for individuals with full edit access to the corresponding scheme round application within RMS. For additional details on granting full access to individuals please see the 'Submitting an Application' user guide available on the [ARC Website](#).

# PART 1 – Individuals with Full Edit Access to an Application

Individuals with full edit access to the corresponding scheme round application can view assessment text, draft rejoinder text and submit to the Research Office through the 'Rejoinders' link within the RMS Action Centre.

## 1.1 Reviewing Assessment Text

The responses provided by external assessors can be viewed to allow applicants to respond to assessment comments prior to the final assessments conducted by the Selection Advisory Committee.

- Navigate to the RMS Action Centre
- Select the 'Rejoinders' link from the Action Centre

Figure 1 – Rejoinders link from Action Centre

- Locate the corresponding scheme round application by selecting the Scheme Round from the available filters and select 'Edit' to open the application details

**Note** - If the individual attempting to view the assessment text through the rejoinder link does not hold full edit access to the corresponding scheme round application, the application will not appear within this screen. Please continue to [Part 2](#) of this document or request full access by following the steps outlined in the 'Submitting an Application' user guide available on the [ARC Website](#).

## 3.2 Submitting Rejoinder to Granting Agency

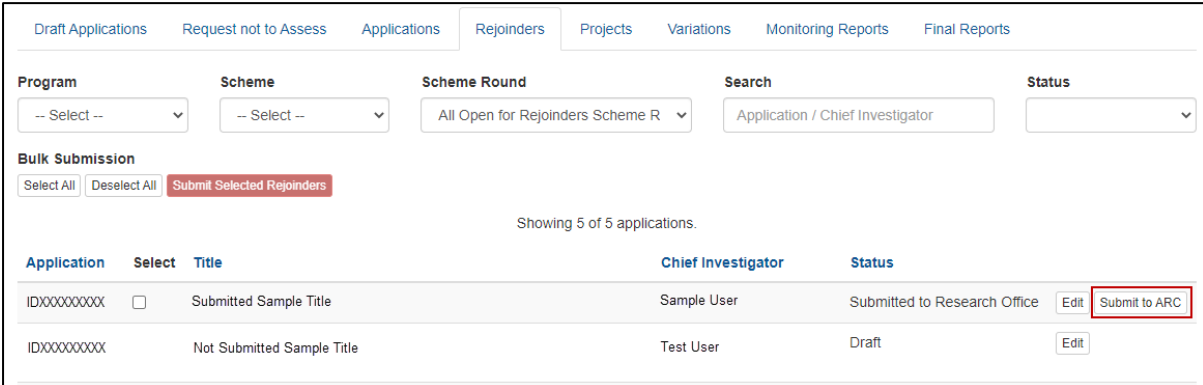

The rejoinder must be submitted to the Granting Agency for review. The submission process can be completed in bulk or for each individual rejoinder.

### 3.2.1 Individual Rejoinder Submission

Individual submission will only submit the selected rejoinder, which can be submitted in two ways - from within the rejoinder edit page or the Research Office Rejoinders page

Options 1:

- Navigate to 'Research Office Rejoinders' page within RMS
- Select the 'Submit to ARC' button

The screenshot shows the 'Research Office Rejoinders' page. At the top, there are navigation tabs: Draft Applications, Request not to Assess, Applications, Rejoinders (selected), Projects, Variations, Monitoring Reports, and Final Reports. Below the tabs are filters for Program, Scheme, Scheme Round, Search, and Status. A 'Bulk Submission' section contains buttons for 'Select All', 'Deselect All', and 'Submit Selected Rejoinders'. The main content area shows a table with 5 applications. The first application has a 'Submit to ARC' button highlighted with a red box.

- Navigate to 'Research Office Rejoinders' page within RMS
- Click the 'Select All' button to select all rejoinders currently in the status of 'Submitted to Research Office'
